Riva sofa bed and armchair

More than just a sofa - functional, modern and comfortable

The sofa will blend exceptionally well into your room décor. Well-engineered and equipped with the so-called “Rapid-System”, it can be unfolded and folded away in a few seconds with little effort.

A high-quality, 14 cm thick cold foam mattress and a solid, durable supporting base provide good sleeping comfort for your guests.

Depending on room size, you can order the sofa in different widths. For small rooms or as a small seating area, RIVA is available as an armchair.

A large number of possible combinations are available to you due to our extensive range of cover materials. Easily design your own seating landscape that transforms into a sleeping space.

Top highlight for your housekeeping:
For a modest surcharge, we can equip your riva sofa bed or armchair with an integrated, easy-to-operate lifting system, which allows the sofa/armchair to be rolled away easily in two steps. The lifting system can also be mounted retroactively without difficulty.

Now new: Chairs and armchairs

The chairs impress with their modern design and **remarkable versatility.** Thanks to their modular concept, they can be configured individually and perfectly adapted to a variety of room layouts and interior styles.

A range of fabric options allows for a tailored match with any interior. They are also ideal for creating a harmonious ensemble alongside the bed and other upholstered furniture in the room.

Two different base variants offer additional design freedom and emphasise either the elegant or modern character of the chair. The result is a cohesive overall look that seamlessly blends design, functionality, and individuality.

All models support up to 120 kg.

Further information and content on our new chair models can be found on the following pages. Our sales team will be happy to advise you by phone at +49 9161 660-651.
